**HÄFELE**

## DECORATIVE HANDLES

A handle has the potential to transform your design by injecting personality, texture and shape, whilst continuing to provide that all-important functional element.

A vital part of every cabinet, wardrobe and door, handles come in all different shapes and sizes to make them a standout showpiece in themselves or to seamlessly blend into your design – whatever your preference.

At Häfele we use our design experience, industry-leading contacts and furniture expertise to bring together a wide selection of decorative handles to offer you that finishing touch for your design. For ease, we have separated our handles brochure into some of the key trends in furniture design.

While this brochure contains some firm favourites, our extensive handles range can be found on our website [www.hafele.co.uk/handles](http://www.hafele.co.uk/handles).
